

PHY138Y — 2005/06

Physics for the Life Sciences I

Department of Physics, University of Toronto

PHY138Y Staff

Theory

Course Coordinator:

Dr. Pierre Savaria

Office: McLennan MP129E

Internet: <http://phy138yw@artsci.utoronto.ca>

Email: phy138yw@physics.utoronto.ca

PHY138Y Staff

Theory: Four sections with lectures and tutorials

Instructors:

- Dr. David Harrison (Mechanics)
- Dr. Jason Harlow (Waves)
- Prof. Kimberly Strong (Electricity and Magnetism)
- Prof. Tony Key (Nuclear and Radiation)

PHY138Y Staff

- **Technologists:**

- Larry Avramidis
- Howard Okada
- Phil Scolieri
- Rob Smidrovskis
- Greg Vowles

- **1st-year Assistant Coordinator:**

Ms. April Seeley (MP129)

- **Teaching Assistants:**

15 Tutors and 35 Lab Demonstrators

- **Lab Coordinator:**

Dr. Vatche Deyirmenjian (MP124/129B)

Course Package (available at U of T Bookstore):

- **Textbook:** Randall D. Knight, *Physics for Scientists and Engineers*, ed. (Pearson/AW)
- Companion Workbook
- *MasteringPhysics* (online homework)
- Coloured Cards

Register **online** on *MasteringPhysics* (follow instructions in package)

IMPORTANT!

- Select tutorial/lab section on ROSI before **Sept. 13 at noon.** After this time, to enroll in or change section, see the assistant to the Course and Lab Coordinators in MP129.
- Pick up *Survival Guide* and *PHY138Y Info Sheet* on table near MP124/125 in North Wing of McLennan.
